

Jason Bondurant, PE, RRC

Senior Engineer and Principal

West Palm Beach, Florida

jbondurant@gciconsultants.com

(954) 398-0050

PROFESSIONAL PROFILE

Jason Bondurant, PE, RRC is a Senior Engineer and Principal at GCI Consultants, LLC, a leading building envelope consulting and engineering firm based in South Florida. A licensed Professional Engineer with a specialization in civil/structural engineering, he brings over eleven years of experience in both new construction consulting and forensic evaluation of existing buildings. He leads forensic investigations, prepares repair plans and specifications, provides construction management and quality assurance services, and serves as an expert witness. He holds the Registered Roof Consultant (RRC) designation from the International Institute of Building Enclosure Consultants (IIBEC), and his technical expertise includes building enclosure systems such as roofing and waterproofing systems, exterior wall assemblies, and glazing systems.

EXPERIENCE

2013-Present: **GCI Consultants, LLC** – West Palm Beach, Florida
Building Envelope Consulting and Engineering Firm

REPRESENTATIVE PROJECTS

Failure/Damage Investigations

- Overton Row, Charlotte, NC – Perform building envelope condition assessment including destructive testing to evaluate deteriorated wood-framed balcony conditions at this newly constructed 5-story apartment building.
- Hutchinson Island Club, Hutchinson Island, FL – Perform assessment of existing window wall systems including water infiltration testing to evaluate the source of water intrusion and provide conceptual recommendations for repairs.
- Village Promenade, Muncie, IN – Perform roof condition assessment including destructive testing to evaluate severely deteriorated roof deck conditions at this newly constructed 4-story mixed-use building.
- Casa di Fiori, Cape Coral, FL – Perform evaluation to assess whether Hurricane Ian caused wind damage to the tile roof systems at multiple buildings at this condominium property.
- Luxury Living, Miami, FL – Perform evaluation of glass damage within the balcony guardrail system at this newly constructed 3-story retail building.

Repair and Rehabilitation Design

- River Reach Condominium, Fort Lauderdale, FL – Prepare construction documents for removal and replacement of the existing roof system of a 5-story condominium building.
- Panorama Tower, Miami, FL – Prepare construction documents for removal and replacement of the existing roof system of a 85-story mixed-use building.
- Navarre Beach Regency, Navarre, FL – Prepare construction documents to remove and replace the existing sliding glass doors and windows on a 9-story condominium building.
- Camden Thornton Park, Orlando, FL – Prepare construction documents for repair of the existing retail awning canopies.
- Rosemary Square, West Palm Beach, FL – Prepare construction documents for a roof recover system at an approximate 100,000 square foot commercial property.

New Construction Consulting

- Surf Club, Surfside, FL – Provide building envelope consulting services including construction document review, site inspections, field water infiltration testing, and special inspections certifying the installation of the glazing, waterproofing, and roofing systems at this new 12-story condominium / hotel building.
- The Standard Atlanta, Atlanta, GA – Provide building envelope consulting services including construction document review, site inspections, and field water infiltration testing at this new 13-story apartment building.
- Biscayne Beach Club, Miami, FL – Provide building envelope consulting services including construction document review, site inspections, field water infiltration testing, and special inspections certifying the installation of the glazing and waterproofing systems at this new 52-story condominium building.
- Evolve Bloomington, Bloomington, IN – Provide building envelope consulting services including construction document review, site inspections, and field water infiltration testing at this new 6-story apartment building.
- Miami Children's Hospital, Miami, FL – Provide building envelope consulting services including construction document review, site inspections, and field water infiltration testing at the new advanced pediatric care pavilion.

Litigation Consulting

- Single-Family Residence, Burnet, TX – Provide litigation consulting to third-party defendant window manufacturer regarding alleged window construction defects at a 1-story single family residence.
- JW Marriott Marco Island Beach Resort, Marco Island, FL – Provide litigation consulting to third-party defendant roofing and waterproofing subcontractor regarding roofing and waterproofing construction defect allegations at new building addition.
- Design 41, Miami, FL – Provide litigation consulting to defendant general contractor regarding waterproofing construction defect allegations at a newly constructed 7-story office building.
- Aloft Delray, Delray Beach, FL – Provide litigation consulting to plaintiff building owner regarding window and door construction defects at a newly constructed hotel building.
- Single-Family Residence, Bonita Springs, FL – Provide litigation consulting to defendant roofing contractor regarding alleged roofing construction defects related to a roof replacement of a 2-story single family residence.

EDUCATION

2012 **Bachelor of Science, Civil Engineering**
University of Florida, Gainesville, Florida

LICENSES AND CERTIFICATIONS

Professional Engineer (PE)

Alabama License #50973
Florida License #92050
Georgia License #48504
Louisiana License #46585
Mississippi License #32766
Oklahoma License #34148
Texas License #144647

Registered Roof Consultant (RRC)

Registration #0887
International Institute of Building Enclosure Consultants (IIBEC)

Florida High Wind Manual Certified

Tile Roofing Institute Alliance (TRIA)

Miami-Dade County Approved Testing Laboratory Engineer

Certification No. 23-1120.01
Approved for the following tests: AAMA 501.2, AAMA 502, AAMA 503, ASTM D5957,
ASTM D7954, ASTM E576, ASTM E783, ASTM E1105, ASTM E2128, TAS 126

PROFESSIONAL AFFILIATIONS

International Institute of Building Enclosure Consultants (IIBEC)

Consultant Member #42545
Registered Roof Consultant (RRC) Registration #0887

National Society of Professional Engineers (NSPE)

Engineer Professional Member #300617751
Committee for Professional Engineers in Construction

American Society of Civil Engineers (ASCE)

Structural Engineering Institute of ASCE
Member #000010677055

Florida Structural Engineers Association (FSEA)

Member #57206289

ASTM International (ASTM)

Member #1941500
Committee C24 on Building Seals and Sealants

Committee D08 on Roofing and Waterproofing
Subcommittee D08.20 Roofing Membrane Systems
Committee E58 on Forensic Engineering
Subcommittee E58.06 Incidents Involving Structures

Roofing Industry Committee on Weather Issues (RICOWI)
Former Member
Wind Investigation Program Team Member

National Roofing Contractors Association (NRCA)
Former Member

International Concrete Repair Institute (ICRI)
Former Member

PUBLICATIONS AND PRESENTATIONS

Beers, Paul E. and Bondurant, Jason, “**Investigating Water Leakage in Windows and Doors after Windstorms,**” Proceedings of the 10th Congress on Forensic Engineering, American Society of Civil Engineers, Seattle, WA, November 1-4, 2024

2023 Annual Windstorm Insurance Conference, Orlando, FL
Panel on Wind Damage to Commercial Flat Roofing Systems

Everything Building Envelope Podcast
Episode 53 – Barrier vs. Drainage Wall Construction
Episode 52 – Facades
Episode 48 – Water Leakage Investigations
Episode 41 – Water Test Methods

TRAINING COURSES AND SEMINARS

2025	TBPELS-Professional Engineering & Surveying Practice Update/Ethics
2025	Paragon Truss: Investigating and Evaluating Truss Designs
2024	NCSEA: Condition Assessment of Existing Steel Structures and Assessing Masonry Buildings
2024	NCSEA: Assessing Wood Structures, Balconies and Decks
2024	NCSEA: Assessing Concrete and Parking Structures
2024	NCSEA: Building Envelope Assessments
2024	NCSEA: Legal Aspects of Building Assessment Reports
2024	NCSEA: Building Investigations and Assessments 101
2024	ASCE: 10 th Forensic Engineering Congress, Seattle, WA
2024	IIBEC: 2024 International Convention and Trade Show, Phoenix, AZ
2024	PDH Library: 2023 Advanced Florida Building Code 8 th Edition Significant Code Changes
2023	TRIA: Post Storm Evaluations
2023	ASCE: Rain Loads 101
2023	ASCE: Philosophy of Structural Building Codes
2023	ASCE: Learning from Failures of Wood-Framed Structures

- 2023 ASCE: Engineering of Mid-Rise Wood Construction
- 2023 ASCE: Engineering Investigations of Hurricane Damage: Wind Versus Water
